## PHILADELPHIA FIRE.

Nearly Half a Million Dollars' Worth of Property Burned.

## TWO BIG FACTORIES DESTROYED.

Besides These There Were a Dozen Dwellings Destroyed—An Entire Square at One Time Threatened—Several Firemen Were Injured, but None Fatally—Names of the Principal Losers and the Insurance.

PHILADELPHIA, Aug. 13.—A fire which did damage amounting to between \$50,000 and \$100,000 started in the big 5-story building occupied by Brown & Bailey as a paper box factory, and before the flames had been gotten under control the big gas fixture establishment of Buck & Company, adjoining, and a dozen dwellings which surrounded the two factories were laid in ashes.

The fire originated on the first floor of the building occupied by Brown & Bailey at 412 Franklin street, at 8:30 o'clock, but it was nearly 9 o'clock before an engine had responded to the alarm. The delay proved disastrous, as the inflammable material was a mass of flames before the firemen arrived. Then they turned their attention to saving the adjoining buildings, but the supply of water was inadequate and it looked for a time as if the whole block bounded by Franklin, Eighth, Willow and Callowhill streets would be swept away. The firemen worked heroically until 11:30 o'clock, when the fire was gotten under control.

The principal losers are Brown & Bailey and Buck & Company. The former loss will reach \$150,000, with an insurance of \$100,000. Buck & Company's loss is between \$100,000 and \$125,000, with an insurance of between \$75,000 and \$80,000. Yeager & Brother, coal dealers, place their loss at \$15,000, while the loss on the burned buildings will reach in the neighborhood of \$50,000.

Several firemen were injured, but none fatally.

## MR. GEYER AT LOGANSFORT.

The Trail of the Missing Pietzel Boy Believed to Be There.

LOGANSFORT, Ind., Aug. 13.—The search for missing Edward Pietzel, which was abandoned at Indianapolis two weeks ago, was resumed here yesterday by Detective Geyer and Inspector W. E. Gary of the Fidelity Mutual Life Insurance company. Certain facts and circumstances have come to light which make it appear practically certain that the boy was disposed of by Holmes, either here or at Peru. If nothing definite is learned here, Peru will be the next place investigated. Both places or junction points on the road from Indianapolis to Detroit, and which he chose for his stopping place will probably be revealed only after a search has been made.

It has been ascertained that Holmes bought a railroad ticket of a scupper at Indianapolis. The broker who sold it is absent at the bedside of a sick sister in Michigan, and will be interviewed by the detectives immediately upon his return. By tracing this ticket to the railroad records it is thought that information will be gained as to Holmes' exact destination and time of arrival. It has always been known for some time that Mrs. Holmes, who had been requested by her husband to meet him at Detroit, came by way of Logansport. Holmes joined her on the way, but at what point is not definitely known. In a recent interview he claimed to have impeded his wife for coming by way of Logansport, which is the longer route and required more mileage, but this assertion has been construed largely in the nature of play to mislead and distract attention away from this place.

Detective Geyer is undecided yet whether to think that Holmes brought all three of the Pietzel children here, or that he came with Howard alone, and after murdering him, returned to Indianapolis and escorted the two girls to Detroit. He gives the Chicago authorities unstinted praise for the active work they have done on the case, and says the public generally has evinced a very gratifying desire to aid in ferreting out the crimes of which Holmes stands accused.

## Little Boy Commits Suicide.

WANSAW, Ind., Aug. 13.—Leroy Cariff, aged only 9 years, committed suicide during the night by taking a heavy dose of rough on rats. His mother recently obtained a divorce from her husband upon very sensational grounds, and the little boy left a note saying he could no longer stand the taunts of his playmates about it. Ex-Mayor Maxwell G. Cariff, the boy's father, is a very prominent attorney of this city and served three terms in the state legislature.

## A Good Showing of Fruit.

RICHMOND, Ind., Aug. 13.—The August meeting of the Wayne County Agricultural society was held on Saturday afternoon, on the farm of John M. Norris, a few miles north of Richmond. The meeting was a notable one, owing to the fact that the display of fruit was the largest ever shown by the society. It is claimed that the fruit harvest this year will be the largest ever known in Wayne county.

## Two Brothers Fight.

PITTSBURG, Aug. 13.—At Willow Grove, a mining town near here, Patrick and Dennis Morgan, two brothers, quarreled, while intoxicated, and attacked each other with penknives. Patrick was killed and Dennis is dying. Both men were frightfully cut and slashed.

## ONE JUROR LESS.

No Progress Made in Securing a Jury to Try Theodore Durant.

SAN FRANCISCO, Aug. 13.—Yesterday's proceedings in the case of Theodore Durant, charged with the murder of Blanche Laumont, did not complete the jury. The morning session passed without the addition of a single juror. In fact the number of accepted jurors was reduced from nine to eight, for the court excused Juror Brown. In a long opinion Judge Murphy said that he would allow the district attorney to challenge Brown because the prosecution did not know at the time Brown was accepted that he voted to accept M. D. Howell of the charge of counterfeiting in the United States court because the evidence was circumstantial. The district attorney interposed a peremptory challenge to Brown and the court allowed it for the defense took an exception and moved to discuss the case, a motion which was promptly denied.

The court then took up the defendant's motion for contempt proceedings against the newspapers which had published matter connected with Juror Brown and had interviewed him regarding his availability as a juror. The court made an address to the press, stating that the publication of any articles tending to destroy the defendant's chances for receiving a fair trial was contempt, and warned newspaper men of the necessity to conservative treatment of this and similar cases. He declined to act upon the newspaper citations issued at the request of the defendant. The council tried to insist upon the contempt actions being pressed, and urged the court to make a judicial order defining the matter which newspapers might publish regarding the trial, but the judge declined further action in the matter.

## CONVENTION OF MINERS.

Some Disagreement Still Existing in the Pittsburgh District.

PITTSBURG, Aug. 13.—A convention of the miners of this district who are dissatisfied with the compromise entered into recently by the officials of the United Mine Workers with the operators, by which the mining rate is to remain unchanged until Oct. 1, was held here yesterday.

There were 21 delegates present, but it is difficult to tell how many men they represented, as some of them represent as high as 600, while others were from small mines.

The national and district officials of the United Mine Workers were on hand to explain their action in effecting a compromise, but they were not allowed in the convention.

The delegates decided to form an independent organization of the river miners, and they will invite the dissatisfied railroad miners to join them. A meeting will be held the last day of this month to complete the organization.

## A POOR MARKSMAN.

Two Men Shot but Not the Ones He Aimed For.

NORTH YAKIMA, Wash., Aug. 13.—Inspector Charles McGonagle shot and killed his father, a rancher, six miles from this city, and fatally wounded a blacksmith named Eaves. He gave himself up to the neighbors and was brought to this place. The trouble arose over the slander of Eaves' daughter by young McGonagle.

Eaves, his wife and daughter drove to McGonagle's house to try to make Charles retract when the shooting occurred. Young McGonagle shot at Eaves but missed him, killing his own father. He fired again at Eaves' daughter and missed her, hitting her father. Eaves will probably die.

## Outlaws Arrested.

EUFALA, I. T., Aug. 13.—Five desperate outlaws, charged with having committed almost every crime in the calendar, were captured in the corner of this city about noon yesterday. The officers dropped on them in a complete surprise and they threw up their arms.

Charles Wilson, Ray Defenbaugh, Joe Bock, Charlie Moore and Coy Sheehan were their names. Each are charged with numerous crimes committed in the territory. They broke jail at Stillwater and ever since have been followed by a determined detachment of deputies and were arrested.

## Sawmill Boiler Explodes.

MOUNT STERLING, Ky., Aug. 13.—Yesterday about noon the boiler at John Hines' sawmill at Cedar Grove, in this county, exploded, killing Hines, his son and Elmer Smith, and dangerously wounding A. J. Dowis. Hines' body was torn all to pieces, part of it being found 80 feet from where the explosion occurred.

## Fatal Stroke of Lightning.

NEW HAVEN, Aug. 13.—Many portions of this state were visited by a severe thunder and lightning storm yesterday. In this city the storm was the most severe of the season. William Elyie was instantly killed at Branchville, and his wife was rendered unconscious for several hours.

## Dropped Off His Cab.

SPRINGFIELD, O., Aug. 13.—Engineer William Ferris of Delaware disappeared from his cab on Train 71, due here at 2 a.m., near Plattsburg, 10 miles east, while the train was making 30 miles an hour. He is supposed to have been killed, but so far his remains have not been found.

## Ex-Judge Strong Improving.

LAKE MINNEWAKA, N. Y., Aug. 13.—Ex-Judge Strong's condition has improved since yesterday. The catarrhal fever is abating. He takes nourishment with less difficulty, is free from pain and is now conscious.

## CAMPES GIVES IT UP

His Resignation Said to Have Been Sent to Madrid.

## RECOMMENDS SELF-GOVERNMENT

Passengers From Cuba Report That the Insurgents Do Not Want Independence but Desire a Government Under the Protection of the United States—The Situation of Affairs Recommoning Very Grave.

NEW YORK, Aug. 13.—Special correspondence of The World at Havana, Cuba, says: General Campos has resigned the captain generalship of Cuba. It is generally believed that he strongly urges the home government to grant the island of Cuba self-government.

The steamer Seneca, of the Ward line, which arrived here from Cuba yesterday, brought several Cuban passengers. One gentleman from Havana, who would not permit the use of his name, asserted that the insurrection is more formidable than is generally believed. The rebels, he said, desire to establish a government under the protection of a strong power, the United States preferred.

They are not anxious for independence because negroes form a majority of the inhabitants of the island and would dominate the government. Therefore the rebels are delaying the capture of important seaport towns which the gentleman from Havana says they could easily accomplish because their plans for the future are not yet matured. To secure possession of cities would mean recognition as belligerents to the rebels, and as they are not yet ready for such recognition they will continue their present methods of making war for a time.

The Havana man asserts that there are 800,000 sympathizers with the revolution in Havana, 52,000 revolutionaries are in the field and that the Spanish have lost 15,000 men more than they, two-thirds of the number dying from disease. Campos, he says, can not hold out long.

Another passenger on the steamer was Señor Ricardo Cambera, a wealthy sugar planter of Cienfuegos. He declined to discuss the revolution on the ground that he might injure his business and jeopardize his interests by making statements that would be partisan either way. He admitted, however, that he had heard that yellow fever was decimating the Spanish forces and that the insurgents were not affected by it.

## CENSORSHIP NEWS.

Latest Dispatches Permitted to Be Sent Out From Havana.

HAVANA, Aug. 13.—The insurgent band commanded by Rego recently besieged the town of Ingavilanito, in the province of Santa Clara, and sent a request to surrender the detachment of Spanish troops detailed to defend that place. The garrison, however, refused to surrender and the insurgents burned the house in the immediate vicinity of the barracks. The soldiers made a gallant defense and eventually compelled the insurgents to retire with a loss of five killed, among the latter being a captain, who was Rego's aide-de-camp, and leaving ten wounded behind them.

Sergeant Cataña with a detachment of 16 soldiers has had a skirmish near Sebornequito in the Mayari district, province of Santiago de Cuba, with a band of 100 insurgents. The latter left two killed and five wounded on the field and the troops captured a quantity of arms. One corporal and two soldiers were wounded on the government side. Major Gonzales Mora, at the head of 250 troops, while passing the river Buaba, near Baracoa, province of Santiago de Cuba, on Aug. 5, was engaged by the insurgent bands commanded by Roca and Carreras. The troops caused the rebels to fly, leaving six killed on the field. On the day following, while on the way from Buaba to Baracoa, Major Mora overtook the insurgents, numbering 600 men, and attacked the positions which they had taken up. The troops captured the positions occupied by the insurgents, the latter losing seven men killed and 11 wounded. One soldier was killed and three wounded.

Colonel Canillas, with a force of troops and guerrillas, fought a band of insurgents in Palmera Pacheco, province of Santiago de Cuba. The insurgents lost two dead. The village of Las Bocas, near Unas, district of Dibarba, raised a band of 30 insurgents under Chief Balan. The troops went in pursuit of them and overtook them. In the fight which resulted the insurgents lost three dead and four wounded.

LONDON TIMES' DISPATCHES.

Spain Beginning to Realize That the Situation Is Very Grave.

LONDON, Aug. 13.—The Times publishes a dispatch from Havana dated Aug. 12, which says that General Moreno has assumed the chief command of the troops in the province of Santiago de Cuba. Insurgents are increasing in the province of Matanzas.

The force of 1,360 officers of men of local volunteers from Havana which has been drawn for active service causes the impression that the situation is more grave. The suppression of the news encourages the wildest rumors adverse to Spain.

The recent Madrid appointments, giving all posts in Cuba to Spaniards, is criticised as proof that Spain is determined not to allow Cubans any share in the administration. The appointment of Cabezas as director of finance is especially deprecated.

## MINERS MAY STRIKE.

Eight Hundred May Go Out in Fayette County, West Virginia.

CHARLESTON, W. Va., Aug. 13.—There are strong indications that the 800 miners employed at the coal operations on Loup creek, in Fayette county, will go on a strike within a very few days. The men are paid 55 cents per car of coal mined in room and 70 cents per car of entry coal. They claim that the car holds nearly three tons, though supposed to contain only two. They demand that the car measurement shall cease and that the operators put in scales, but continue the present rates for mining.

The operators claim that the cars now in use hold only one and seven-tenths tons and that consequently the tonnage rate on Loup creek is 32.35 cents and 41.18 cents per ton according to the character of the work necessary to mine coal. This is 3 cents per ton more than is paid for mining on the Kanawha and New rivers, though the Loup creek vein is of much greater thickness. Despite the better prices paid, it is claimed that owing to the superior thickness of the vein on the creek, the operators sell their coal at a better profit than the Kanawha and New river operators.

The 10 days' notice given him had expired and he was prevented from fleeing with the wholesale exodus of negroes from that section on account of his growing crops and home, which would have been placed in jeopardy. His name was William Stephens. He had a wife and two children. One of the White Cap notices is posted within 30 yards of his house. He has a brother in Paris who fled when he first received notice. Officers are now endeavoring to catch the perpetrators.

An afternoon paper publishes the following article from the appealing negroes:

## WHITE CAP CARNIVAL

Negroes Being Driven Out of Delta County, Texas.

## DEATH TO THOSE THAT DON'T GO.

One Negro Called to His Own Door and Shot Down and Killed by the White Caps for Refusing to Obey the Notice to Leave—An Appeal for Protection Issued by the Negroes.

PARIS, Tex., Aug. 13.—An old negro woman named Stephens has just arrived here from near Pacio, in Delta county, where the White Caps are alleged to be holding carnival. She states that on Saturday morning her son was awakened about 4 o'clock, called to the door and shot down by the White Caps.

The 10 days' notice given him had expired and he was prevented from fleeing with the wholesale exodus of negroes from that section on account of his growing crops and home, which would have been placed in jeopardy. His name was William Stephens. He had a wife and two children. One of the White Cap notices is posted within 30 yards of his house. He has a brother in Paris who fled when he first received notice. Officers are now endeavoring to catch the perpetrators.

To the Citizens of Lamer County:

We, the colored people of Delta county, are the poorest and most worthless people in the state of Texas, and we do not want any trouble with anybody. We ask the white people to protect us and when we do wrong to deal with us as the laws demand and we will be satisfied. So please help us to stop the White Caps. We are not guilty of the least crime in Delta county, so please come to our relief and we will be under lasting obligations to you. At present we are unable to go anywhere.

Mr. Joe Price, a merchant residing near Glory, several miles from the scene of the alleged murder, is in the city and states that so far as he has any knowledge there has been no negro shot or murdered by White Caps. Reports are conflicting.

## TRAGEDY COMES TO LIGHT.

An Old Grape Grower Attempts to Kill His Wife and Hangs Himself.

CLEVELAND, Aug. 13.—The dead body of August Schissler, aged 60 years, was found hanging to a tree in the woods near his home in the outskirts of the city about noon yesterday. Schissler was a grape grower and resided in Nottingham, a suburb east of this city. On Saturday night last, Schissler's wife was found lying unconscious in the kitchen of her home. She had three ugly gashes on the head and her skull was fractured.

Her husband could not be found and a search was instituted. Yesterday, attracted by the strange actions of a dog, neighbors went to the woods where the body was found. Schissler had quarreled with his wife Saturday evening and struck her with a blunt instrument. Thinking her dead, he committed suicide. Mrs. Schissler is still unconscious and may die.

## Stage Held Up.

OREGON CITY, Or., Aug. 13.—Word comes from Wilhoit Springs that the stage which left Oregon City yesterday morning was held up by two masked men at Wright's bridge. The robbers appeared at the roadside, and with their Winchesters leveled on the driver compelled him to stop. The road agents compelled the passengers to get out of the stage and lie down, and while one man stood guard the other searched the passengers and took what money and jewelry they had. The exact amount of plunder is not known. The same stage was held up about a month ago.

## Exploded in a Canning Factory.

LONGMONT, Colo., Aug. 13.—A terrible explosion occurred yesterday afternoon at 3 o'clock at the Empson canning factory, in which five men and one woman were injured. One of the steam vats used for boiling peas exploded while the factory was in full blast. Seven men escaped only by a miracle. The wounded are: Herbert Vaughn, will die; Frank Printy, scalded and cut about the body; George Plain, Albert Hanson and John Baker,

The engine and part of the machinery for the pulley factory has arrived, and the contractors are progressing nicely with the building.

### Marvelous Results.

From a letter written by Rev. J. Gunneman, of Dimondale, Mich., we are permitted to make this ex act: "I have no hesitation in recommending Dr. King's New Discovery, a few results were almost marvelous in the eyes of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

## THE MANHATTANS.

They Will Try to do What the Reds Haven't Yet Done, Defeat the Maysvilles—Base Ball Gossip.

The Manhattans of Cincinnati come up-to-day for two games with the Maysvilles, and will try to do what the Reds haven't yet succeeded in doing, defeat the locals. This team is one of the leaders in the O-K League fight and is one of the strongest semi-professional nine in the Queen City. The games this afternoon and to-morrow will be worth seeing. The Maysvilles will have to fight to win.

Wellner spent Sunday at his home in Hamilton and umpired a game between the Browns and an Indiana team.

The Times-Star says: "If the Reds win the pennant, Maysville will claim it." If the Reds win it Maysville will challenge 'em for a series of games for it.

Enquirer: "Fagin, the Shamrocks' catcher, who was in the Maysville-Red game, is of the opinion that the Maysvilles is the best amateur club that can be found in the country."

Enquirer: "Wadsworth, the center fielder of the Maysvilles, is fast on his feet, a good judge of a fly ball and almost a sure fly catch. He made several sensational catches in Friday's game."

The Vanceburg "Colonels" were babies in the hands of the Higginson slingers Saturday. Score, 14 to 3 in favor of the Ohioans. Batteries: Brewer, Plummer and Deisel; McGowan and Woodruff.

Ashland News: "Manager Bancroft, of the Cincinnati Reds, had better trade teams with Manager Watson, of the Maysvilles for the coming two weeks. It might be the means of his finishing in the first division."

Enquirer: "Manager Bancroft said Sunday that if the Maysville team could be induced to come to Cincinnati to play the Reds on the 20th, that the Reds would go to Maysville again. Captain Ewing and all the rest of the Cincinnati players are fairly aching for an opportunity to wipe out the stain of those two defeats."

Bid McPhee of the Reds has the reputation of being one of the greatest second basemen in the business, but Captain McGann played right along with him last Friday. Each of them accepted seven chances without an error, McPhee having three put-outs and four assists, and McGann one put-out and six assists. Captain McGann's work was really ahead of McPhee's, as he made several fine stops.

Post: "It was Jack Grim who sent the message from Knoxville that Johnny Heileman, the Cincinnati boy playing short for Maysville, was doing sensational work. The proof of the pudding was given the Reds to eat and it was not good—for the Cincinnati stomach. He assisted in putting 10 of the Reds out of harm's way and made a put-out himself, accepting 11 chances without an error. In addition to his fielding he made two hits that were clean."

Portsmouth Blade: "That was a sore tumble for the Reds at Maysville Friday. For the second time they lost to the amateur team, and all the squealing about the umpire giving them the worst of it won't square things with the Cincinnati rooters who went up to assist in wiping off that alleged stain and incidentally bet their money. Buck Ewing has a long screed in the Enquirer which sounds a good deal like baby talk. The Reds were outplayed at Maysville, and when that is said all has been said. Maysville is to be congratulated on her team."

THE Lexington Leader, a Republican paper, this tells of the good times in Fayette: "Mr. William Warfield, the veteran shorthorn breeder, of Lexington, says there is a decided improvement in the market for his kind of cattle. He has inquiries daily, and gets \$150 for young bulls the same age he sold at \$75 a year or two ago. He can't keep up with his orders, and is selling weanlings where yearlings are wanted."

## THE LATE MRS. DOROTHY YOUNG.

"Sweet Spirited, With a Heart Soft With Sympathy Toward All."

[Sharpsburg World.]

Died, Wednesday evening, August 7, at her home in this place, after an illness of several weeks, Mrs. Dorothy Young, wife of J. T. Young. Mrs. Young was the daughter of Major and Mrs. A. M. Peed. She was born in Mason County, August 29, 1840. June 14, 1860, she was married to J. T. Young, and much of her married life has been spent in this community. Her husband, with her aged mother, two sisters, Mrs. Mary Slack and Mrs. B. F. Clift, of Maysville, and three brothers, J. D. Peed, of Maysville, J. J. Peed, of Millersburg, and W. A. Peed, of this place, survive her.

She united with the Baptist Church at Mayslick when only fourteen years old, and her godly, Christian life was always consistent with the profession she had made. An invalid and great sufferer for many years, she was prevented from engaging as actively as she would perhaps have liked in the duties of life, but quietly and unassumingly she made her influence for good felt by all with whom she came in contact. Sweet spirited, with "a heart soft with sympathy toward all the sinning sorrowing human race," charitable toward another's faults, and having "in her tongue the law of kindness," not only her family and church but our whole community sustains a loss in the death of Mrs. Young.

Short services were conducted at the house Friday morning by Rev. R. F. Caldwell, after which the body was taken to Mt. Sterling and interred in Machpelah Cemetery.

## MISS MARY BROSEE.

She Passed Away Monday Afternoon After a Lingering Illness—The Funeral.

Miss Mary Louisa Brosee died Monday afternoon at 4:30 o'clock at the family residence on East Second street. She was a sufferer from a complication of diseases, and had been ill three months.

Deceased was a daughter of the late John Brosee and was forty-seven years of age. She was one of Maysville's estimable Christian women, and her friends throughout the city will learn with regret of her death.

The funeral will occur to-morrow at 3 p. m., with services by Rev. Dr. Hays. Interment in Maysville Cemetery.

## Wedded at West Union

Mr. Ezekiel Campbell, of Aberdeen, and Miss Lydia Dawson, of this city, surprised their friends yesterday by eloping to West Union, where they were quietly married during the afternoon. The bride is the youngest daughter of Constable W. B. Dawson, and is an estimable young lady.

The couple returned last evening, and will make their home in this city.

## Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

F. DEVINE, as agent for W. A. Jobst, has sold a house on Washington pike to Parmeria Payne for \$550.

Are you taking SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zellin & Co., Philadelphia.

Miss Frema King spent several days last week the guest of her brother at Stonelick.

A large number of Mr. Davis' relatives of Maysville attended his funeral Sunday.

G. D. Jenkins suffered a slight sun stroke Friday while returning home from Maysville.

Mrs. Hattie Conrad, of Maysville, is the pleasant guest of her parents, Mr. and Mrs. E. C. Day.

James Wykoff and daughter, Miss Della, of near Bentonville, visited his daughter, Mrs. S. D. Bean, last week.

Thomas Hall and wife, of Aberdeen, who were here attending the funeral of their brother-in-law, have returned home.

Herbert Kirkland, of Bernard, and Miss Eva Hancock, of Bellevue, were pleasant guests at "Orchard Farm" Wednesday, of last week.

Very seldom indeed are we called upon to record the death of a man whose demise casts as deep a gloom over the hearts of as many people as does that of Postmaster R. L. Davis, aged forty, who died of paralysis, at his home at this place on the evening of August 10. We desire to give briefly without any attempt, whatever, at display, a sketch of his life and character. He was born in Fleming County, Ky.; of his early history we know but little, but it was spent on a farm. His wife who survives was a Miss Hall, a native of Ohio, a lady of many estimable qualities. He leaves seven children all under twelve years of age, six sons and an infant daughter. Mr. Davis united with the M. E. Church a number of years ago, since which time he had made it his constant rule to follow the road according as the word of God and the voice of conscience pointed it out to him. He was guided by a fixed principle of mind which caused him to esteem nothing but what was honorable. Hence he was ever the same. At all times the trusty friend and affectionate husband and father, the conscientious man of business, the plios worshiper, the public spirited citizen. He assumed no borrowed appearance, but was indeed what he appeared to be; a man full of truth, candor and humanity. In his manners he was simply and unaffected, in all his proceedings open and consistent. He hadn't an enemy in the world. The funeral services were conducted by Rev. Grizell at the church here at 10 o'clock Sunday morning, after which he was laid to rest in the cemetery adjoining. The largest crowd was present that was ever at the church.

He has gone from his dear ones, his children,

his wife, whom he willingly toiled for and loved as his life;

Oh God! how mysterious and how strange are thy ways,

To take from us this loved one in the best of his days.

#### Carthage Fair.

The following persons left yesterday on the H. K. Bedford for the Carthage, O., fair with fine saddle and harness horses:

D. B. Mitchell, of Carlisle, took his black saddle and harness mare Antonia, formerly owned by R. C. Kirk and sold to Perry Jefferson for \$1,100. The mare is owned now by Mitchell and Jefferson.

John Hunter, of Millersburg, will exhibit the fine black stallion Willeo, trotter and show horse.

Joseph F. Walton, of Germantown, will have on exhibition his fine stallion Le Grand, and it is safe to say there will not be better stock from any part of the country than the above. The Kentucky horses will surely carry away some of the blue ribbons.

#### The Shoe Factory to be Enlarged.

Portsmouth Tribune: "A note from Superintendent G. H. Brodt, of the Maysville Shoe Manufacturing Co., states that the plant has been bought by H. C. Barkley & Co. for \$5,500 and that a good strong company will assume control with a paid up capital of \$30,000. The factory will be enlarged and a good business is assured them. They advertise for a man to take charge of the cutting room."

#### CINCINNATI TOBACCO MARKET.

#### Nothing of Importance in the Week's Transactions—No Change in Prices.

Says the Cincinnati Leaf Tobacco Warehouse Company:

There is nothing to report of importance for the past week's transactions in the tobacco trade. It has been the same old story—no change in prices, liberal receipts and good-sized sales. The market has fluctuated some, and while many have been pleased, others have rejoiced, claiming the market must surely get better, but the truth of the matter is the prices paid in the country control the sales and rejections to a large extent. There are some shippers who always hold for higher prices, and permit the year to pass, and as the last resort at much lower prices than could have been realized had they watched the many opportunities that occur in every year. But there is a great deal of truth in the old darky's remark that it is a good thing we do not all think and see alike: If so, everybody would want his Dunhill. The color tobacco still continues strong. There is no doubt a scarcity of color, and with a demand from almost every manufacturer, they will remain firm. The offerings the past week have been of medium and lower grades, and have been the cause of some believing our market some easier, but it has not been the market, but the tobacco. Such a small quantity of the better grades being offered, the prices have remained firm, and satisfactory prices realized. There is some complaint in regard to the continued dry weather, and the effects upon the growing crop, and no doubt it will do a great deal of damage unless we get rain soon. We expect a fair market the coming week, as there are some orders in hands of some of our brokers, who will be active bidders upon the market.

#### LOUISVILLE TOBACCO MARKET.

Very Irregular the Past Week, but Prices Ruled About Same as They Did Previous Week.

Glover & Durrett, of the Louisville Tobacco Warehouse, furnishes the following:

Sales on our market for the week just closed amount to 3488 hds., with receipts for the same period 2663 hds. Sales on our market since January 1st amount to 124,495 hds. Sales of the crop of 1891 on our market to this date amount to 121,379 hds.

The characteristic of the burley market this week has been its irregularity; at times there was a decided rallying in prices on some grades, but values at the close of week ruled about as they did last week. The growing burley crop, while less in acreage than the crop of last year, is reported generally in good condition with a prospect of a full yield.

The following quotations fairly represent our market for burley tobacco, (1894) crop:

Trash (dark) or damaged tobacco.....	1.50@2.75
Common color trash.....	2.75@3.25
Medium to good color trash.....	3.50@5.00
Common lugs, not color.....	2.50@3.50
